

What happened to Azerbaijan's energy ministry?

The ministry's statute was approved by the Azerbaijani Parliament on May 15, 2006. Later, on 22 October 2013, this ministry was liquidated, and its function was passed to the Ministry of Energy established on the same date according to Presidential Order No.3.

What is ACWA Power's new MOU with Azerbaijan?

Following on from recent collaborative efforts between the two parties for the SAR 1.1 billion 240 MW wind power plant project, ACWA Power's new MoU with Azerbaijan's Ministry of Energy entails the development of a battery energy storage system, together with implementation agreements for 1GW and 1.5GW of onshore and offshore wind, respectively.

How will ACWA Power Save Energy in Azerbaijan?

The plant will save about 220 million cubic metres of natural gas and reduce carbon emissions by more than 400,000 tonnes per year upon completion. ACWA Power entered the Azerbaijan market in 2019 and continues to expand its geographic footprint in the country.
