

Who is UK battery repairs?

Welcome to UK Battery Repairs, where expertise meets excellence in lithium battery repair solutions. As specialists in the field, we offer top-notch services encompassing repair, storage, and logistics.

How do refurbished batteries work?

How we do it: We exchange all your battery's internal cell with brand new ones. A-grade battery cells used to recell your battery pack. Your refurbished batteries will look as good as brand new and will work in exactly the same way as it used to. We recell, refurb, and repair Lithium (Li-Ion), Ni-Mh and Ni-Cd battery packs.

Why should you choose a professional lithium battery repair service?

Discover professional lithium battery repair services designed to breathe new life into your batteries. Our experts specialise in restoring lithium batteries to their optimal performance, saving you time and money. Say goodbye to premature replacements and hello to sustainable solutions.

Can a battery pack be repaired?

Note: Repairs work best if the battery pack has recently failed. If it failed several months/years ago and been left in a discharged state, especially in an unheated outbuilding during the winter months, it's unlikely it will repair well and may require re-celling.
