

Will Canberra's big battery power a third of Canberra?

The ACT government announces it's partnering with Eku Energy to deliver the much-hyped Big Canberra Battery which could power one-third of Canberra for two hours.

How will Canberra's new battery storage system work?

The large-scale battery storage system will deliver 250 megawatts (MW) of power, store renewable energy and support grid reliability. This is enough energy to power one-third of Canberra for two hours during peak demand periods. Behind-the-meter batteries will be installed to help power essential services across nine government sites.

How will the Big Canberra battery project work?

Selection of the battery operator will be made in late 2024 following a procurement process. The Big Canberra Battery project will provide renewable energy security across the electricity grid, help the ACT grow its renewable energy sector, provide more local employment opportunities, and deliver a positive financial return for the Territory.

How much does a big Canberra battery cost?

Expected to be online in 2025, the battery energy storage system will cost between \$300 million and \$400 million and could hold enough energy to power one-third of Canberra for two hours during peak demand. Chief Minister Andrew Barr has signed a partnership with Eku Energy's Daniel Burrows for the Big Canberra Battery. (ABC News: Patrick Bell)

What role does battery storage play in Canberra's electricity grid?

Battery storage will play an increasing role in Canberra's electricity grid as we move towards electrifying our city and achieving net-zero emissions by 2045. Wind and solar energy make electricity that large-scale batteries can store. Batteries help support the electricity grid when the sun and wind can't.

Who is delivering the Big Canberra battery in Williamsdale?

The Government has partnered with Eku Energy to deliver the next stage of the Big Canberra Battery with a large-scale battery storage facility in Williamsdale.

Canberra Battery Shop in Dickson, ACT, 2602. Business contact details for Canberra Battery Shop including phone number, reviews & map location - TrueLocal
