

Are there any good capacitor brands?

There are many good capacitor brands. Not in particular order.. I personally prefer Rubycon but for reasons of availability do sometimes use Panasonic/nichicon. There are also many other ok brands but i prefer the above.

Re: Capacitor brands? Don't ever buy capacitors from China. Especially top brands from the post above.

Should I buy capacitors from China?

Don't ever buy capacitors from China. Especially top brands from the post above. In addition to those there are: Vishay and Kemet are not "premium" grade electrolytic manufacturers. Kemet makes fine poly's and Vishay makes fine ceramic caps. I would not recommend either as first choice for Electrolytics.

Which country imports the most capacitors in 2022?

Taiwan holds a prominent position in the capacitor import market, with an import value of 2.1 billion USD in 2022. The country is home to several leading capacitor manufacturers and has a well-established electronics industry. Taiwanese companies cater to both domestic and global markets, contributing to the significant import value. 6. Mexico

Where can I buy a capacitor?

Capacitors seem to be one of those things that is counterfeited a lot, so definitely want to buy from good sources like Digikey, Mouser etc. Avoid Ebay, Aliexpress, Amazon etc as you don't know what you're getting. Re: Capacitor brands? Vishay and Kemet are not "premium" grade electrolytic manufacturers.

Which countries import capacitors?
