

What kind of battery does the 1270 AV outdoorbox have?

The 12.70 AV Outdoorbox has an integrated 12V70 Ah lithium battery- 863Wh, weighs only 6.7 Kg and features a digital charge status indicator. Due to the adapted voltage, this Outdoorbox can be used without any problems with any trolling motor (12V).

Is the outdoorbox a good battery?

The Outdoorbox is completely maintenance-free and has as many as 1000 charge-cycles. That means 1,000 charges and discharges. It is significantly lighter than a comparable lead battery and has a much lower annual loss. Thanks to the built-in Battery Management System, you never have to worry about discharging the battery too deeply and damaging it.

What is a 12V auxiliary battery box?

The 12V Auxiliary Battery Box is a universal box that can be customized to suit the individual's needs. Additional output ports can be added as required. This product is not a dual battery system and additional systems might be required. The 12V Auxiliary Battery Box is a universal box that can be customized to suit the individual's needs.
