

What is a polyester film capacitor?

A polyester film capacitor is a type of capacitor with a structure the same as a paper dielectric capacitor and a medium of polyester or polystyrene. They are known for their high dielectric constant, small size, large capacity, and good stability. Polyester film capacitors are commonly used as bypass capacitors.

What are the different types of film capacitors?

Also, a Lead Film Capacitor offers a wide variety from Metallized Polyester, Metallized Polypropylene, PPS Film, AC Capacitors to X Caps. Panasonic Lead Film Capacitors can be used as X Caps in AC/DC Circuits and are recommended for all general electronic applications.

What is a polypropylene film capacitor?

The Polypropylene Capacitor is another type of Film Capacitor in which the dielectric material is made of a polymer called polypropylene (PP), hence the name Polypropylene Film Capacitor or PP Film Capacitor. A typical polypropylene capacitor is shown below

Are polystyrene and polycarbonate film capacitors still made?

Even the long-time manufactured polystyrene (PS) and polycarbonate (PC) film capacitors have been largely replaced by the previously mentioned film types, though at least one PC capacitor manufacturer retains the ability to make its own films from raw polycarbonate feedstock.

Can a Panasonic LED film capacitor be used as x caps?

Panasonic Lead Film Capacitors can be used as X Caps in AC/DC Circuits and are recommended for all general electronic applications. Panasonic's industry-leading EEH-ZL Series Hybrid Capacitors, perfectly suited for multiple under the hood applications, DC/DC converters, inverter power supply, and more! EEH-ZL Series (SMD, High Temp).

What is a film capacitor?

The film capacitor is a type of non-polarized capacitor and is quite popular due to its versatility and low cost. Read on to know more about a film capacitor: what is film capacitor, how it is made and what makes it so popular among its kind. Let's start with a short introduction to this little passive device.

Panasonic Polyester Film Capacitors are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Panasonic Polyester Film Capacitors.
