What is connected backup battery?

With Konnected Backup Battery, you can rest assured that your crucial devices like a modem, router, smart home hub, or even a smartphone will stay on during any power outage emergency. Please note, that this backup battery works best with always-on devices (e.g. modem, smart home hub, smart alarm panel).

How long does a connected backup battery last?

Konnected Backup Battery turns on backup power automatically the moment power goes out and can keep your devices running for up to 8h(depending on a device). If you're using one of Konnected Alarm Panels,this UPS can support your ecosystem for up to 14h (we've tested it ourselves under ideal conditions).

Who is connected & why should you buy a backup battery?

What started as a sleepless night of Konnected's founder Nate Clark tinkering over his outdated alarm system is now a growing business based in Orlando,Florida. Konnected is home to an array of Alarm Panels that make any wired alarm system smart. This backup battery is one of the many accessories Konnected offers to improve smart home reliability.
