

How did the global capacitor market perform in 2022?

The global capacitor market rose notably to \$X in 2022, picking up by X% against the previous year. In general, consumption, however, saw a prominent increase. Global consumption peaked at \$X in 2020; however, from 2021 to 2022, consumption failed to regain momentum.

What happened to capacitor production in 2022?

Global consumption peaked at \$X in 2020; however, from 2021 to 2022, consumption failed to regain momentum. In value terms, capacitor production stood at \$X in 2022 estimated in export price. Overall, production enjoyed a strong expansion. The pace of growth appeared the most rapid in 2017 with an increase of X%.

What are the key players in the capacitor market?

Some of the key players from the capacitor market such as KYOCERA Corporation provides ceramic capacitor that has a wide voltage range and low series resistance (ESR). These specifications are well-suited for automotive applications. Thus, rise in sales of electric vehicles is likely to have a positive impact on the market.

Why is China a major market for capacitors in Asia Pacific?

China is a prominent market in Asia Pacific for capacitor due to the availability of raw materials and strong presence of small-scale capacitor manufacturing companies in the country. Furthermore, increase in usage of capacitor for the automotive and power and utility sectors drives capacitor market growth.

What was the average capacitor export price in 2022?

The average capacitor export price stood at \$X per thousand units in 2022, rising by X% against the previous year. Overall, the export price, however, saw a mild decline. The growth pace was the most rapid in 2017 when the average export price increased by X%.

What happened to tantalum capacitors in August 2021?

In August 2021, the lead times for both the conductive polymer type and the manganese type tantalum capacitors increased again, with all case sizes and styles now at 40-week lead times. We estimate that ROI for tantalum anode is substantial in August of 2021.

In 2023, the Nepalese capacitor market decreased by -74.2% to \$521K for the first time since 2020, thus ending a two-year rising trend. In general, consumption recorded a ...

In Pristina, housing prices continue to remain high, from 900 to 2 euros, although the decline in purchasing power is evident. According to the Kosova Sot newspaper, the average price is ...

The Brazilian capacitor market dropped slightly to \$16.8B in 2024, with a decrease of -2% against the previous year. In general, consumption continues to indicate a ...

Super Capacitors 1.0F, 5.5V are used in applications requiring many rapid charge/discharge cycles rather than long term compact energy storage: within cars, buses, trains, cranes and ...

In 2023, the average variable capacitor export price amounted to \$279 per unit, reducing by -77.1% against the previous year. In general, the export price, however, showed a ...

Multilayer Ceramic Capacitor (MLCC) Market - Global Industry Analysis, Size, Share, Growth, Trends, and Forecast 2031 - By Product, Technology, Grade, Application, End-user, Region. ... Price Trend Analysis, 2018-2023, 3.1. Key ...

The Vietnamese capacitor market dropped notably to \$1.9B in 2023, reducing by -65.9% against the previous year. Overall, consumption, however, saw a drastic downturn. ...

In 2024, the global capacitor market increased by 7.2% to \$607.7B for the first time since 2021, thus ending a two-year declining trend. In general, consumption, however, ...

6.4.3 China Capacitor Price Forecast by Type (2021-2026) 6.5 China Capacitor Historic Market Review by Application (2015-2020) 6.5.1 China Capacitor Sales Market Share by Application ...

In 2023, the average capacitor export price amounted to \$170 per unit, therefore, remained relatively stable against the previous year. Over the period under review, the export ...

This report contains market size and forecasts of High-End Capacitor in Europe, including the following market information: We surveyed the High-End Capacitor ...
