

What can solar iBoost+ do for You?

With the Solar iBoost+ you can: Cut the cost of water heating in your home. Reduce the use of your boiler. Maximise the use of the free solar energy generated. Solar iBoost+ uses only the energy that would otherwise be exported.

What is solar iBoost+ plus?

Enjoy hot water from the Sun with the Solar iBoost+ Plus - the latest automatic water heating device for PV system owners from Marlec. How does the Solar iBoost+ Work? Your PV solar array generates electricity used in real-time in your home, reducing dependence on the grid and lowering energy bills.

Does solar iBoost+ save you money?

Just sit back and join more than 70,000 homeowners who already enjoy the extra savings from free hot water! The Solar iBoost+ is the UK's best selling PV immersion controller and preferred by most solar installers. It saves you money by cutting the cost of water heating and reduces the use of your home's boiler.

Should I buy a solar iBoost+?

If you are looking for a way to make the most of your solar energy and save money on your water heating bills (without the expense of a solar storage battery) a Solar iBoost+ is a great choice. This is particularly true if you're out during the day and regularly producing at least 100W more energy than is used.

Does the solar iBoost+ work with a water heating system?

With a simple programmable timer, the Solar iBoost+ can work in harmony with your existing water heating system and offers separate winter and summer settings. Where a battery storage system is installed, the Solar iBoost+ settings can be changed to ensure excess energy generated can be diverted to charge the batteries first.

Is the iBoost a good solar system?

The iBoost can save you hundreds of pounds over its lifetime. Those with an electric boiler or immersion heater can definitely benefit from adding it to their solar system. It is however best for those who do have excess energy, so check that your system regularly exports unused energy.

Optional in-home display with remote control to Solar iBoost+. The iBoost Buddy allows you to use your Solar iBoost with ease: - Connects wirelessly with Solar iBoost+ - Keep it handy to see Solar iBoost+ water heating savings displayed ...
