

How much do solar panels cost in Hawaii?

The average solar panel installation costs \$2.67 per watt in Hawaii. "Cost per watt" is similar to the price per square foot when you buy a house. It helps you compare the value of solar energy systems in different sizes. The federal solar investment tax credit is usually the most significant financial incentive when buying solar panels.

How much does a 6kW Solar System cost in Hawaii?

SolarReviews estimates the average cost of solar panels for a 6kW system in Hawaii to be \$2.67 per watt as of April 2022. This is lower than the U.S. average for residential power systems, which cost \$3.00 per watt. After applying the 30% Federal Investment Tax Credit, the average 6kW solar system cost in Hawaii is about \$11,837.

How much do solar panels cost?

This is lower than the average price of residential solar power systems across the United States which is currently \$3.00 per watt. The size of a solar panel system also plays a role in how much the installation will cost. Larger solar installations will typically have a lower cost per watt, because the panels can be purchased at a 'bulk price'.

Are solar panels tax deductible in Hawaii?

The federal solar investment tax credit is usually the most significant financial incentive when buying solar panels. It is not a rebate or a refund but goes toward what you owe on federal income taxes. In Hawaii, you can lease a system or enter a power purchase agreement with low upfront costs.

What percentage of Hawaii's electricity comes from solar?

More than 18% of all of Hawaii's electricity comes from solar energy! With abundant sunshine year-round and so many financial incentives, more than 400,000+ homes and businesses have made the switch to solar energy in Hawaii. But how much does it cost to install solar panels in Hawaii?

Does Hawaii have a solar investment tax credit?

The federal solar investment tax credit (ITC) is the biggest factor in reducing the cost of going solar in Hawaii. The ITC credits 30% of the system's total cost -- including equipment, labor and permits -- toward what you owe on federal income taxes. The ITC drops to 26% in 2033 and 22% in 2034.
