

The latest regulations on Kyrgyzstan's energy storage subsidy policy

What are the objects of regulation in Kyrgyz Republic?

According to the law, objects of regulation are: "production, consumption, and sale of heat, electric energy and fuel using renewable energy sources, as well as the production and supply of equipment and technologies in the field of renewable energy source" (Ministry of justice of the Kyrgyz Republic, 2008).

What is Kyrgyz energy policy?

Outlook to the Kyrgyz energy policy To unleash the RE capacity,the Kyrgyz government introduced the law titled "Renewable energy sources(RES)" in December 2008 (Ministry of justice of the Kyrgyz Republic,2008). Kyrgyzstan was the first country in Central Asia who implement RE-based law.

Why is energy policy important in Kyrgyzstan?

The current energy policy is considered as one of the key barriers to the developing the renewable energy sector in Kyrgyzstan. Hence,there is an immediate need to evaluate the formulated energy policy to investigate gaps and uncertainties.

What is the new energy regulation in Kyrgyz Republic?

In November 2020, the new regulation came into force named "On the conditions and procedure for the implementation of activities for the generation and supply of electricity using renewable energy sources" (Cabinet of Ministers of the Kyrgyz Republic, 2020).

Why does Kyrgyzstan need a new focus on hydropower generation?

The Kyrgyz government needs to change the focus from hydropower generation as it suffers from variable hydrology and seasonal demand issues towards more diversified and reliable energy resources to produce power. On the contrary,Kyrgyzstan is blessed with plentiful renewable energy (RE) resources (other than hydro resources) (IEA,2020).

Will renewables drive zero-carbon policies in Kyrgyz Republic?

Having set a goal to reduce greenhouse gas emissions by 44% by 2030 and to achieve carbon neutrality by 2050,the Kyrgyz Republic recognises that renewables - primarily hydropower - will be the driver of zero-carbon policies,given their enormous potential in the country.
