

Why is energy security important in Tonga?

Energy security is an ever-present concern for Tonga. To address the dual challenges of climate change and energy security, the Government of Tonga confirmed the Renewable Energy Act in 2008.

Can Tonga's power infrastructure stand up against cyclones & storms?

To address the dual challenges of climate change and energy security, the Government of Tonga confirmed the Renewable Energy Act in 2008. Investment from ADB and other partners is making sure Tonga's power infrastructure can better stand up under the cyclones and storms that are a part of life in the Pacific.

How will Trep help Tonga?

TREP will help Tonga rapidly move from its heavy dependence on imported fossil fuels for power generation (about 90%) to using clean and renewable energy resources that are low carbon and climate resilient.
