4) A cheese slicer. If you decide to buy brown cheese, make sure to also grab a cheese slicer. This is by far the best method of cutting slices of both brown and white cheese, ...

Hi there, I'm not too sure about where you can get good quality capacitors for your monitor power supply but I just wanted to tell you to be extremely careful when handling capacitors and other components that are inside a power supply as they can hold high amounts of electrical charge even after the power is disconnected. Be careful and stay safe!

The ESR (Equivalent Series Resistance) of Capacitors. 8 Where to buy low ESR capacitors and which brands? 8.1 First-tier low ESR capacitors (Japan) 8.2 Low ESR top-tier capacitors (US and Europe) 8.3 Low ESR second level capacitors: ... A good place to buy capacitors in Europe, knowing that they are original and of good quality, is TME .

I'm in need of a couple capacitors (0.1uf ceramic and a 220uf electrolytic) and a couple resistors (75ohm) to finish this project I'm working on. Normally I'd just buy them online, but I'd like to just scoop them up and get this done today instead of waiting on shipping. I'm just not sure where to go in Denver for stuff like that.

Welcome The 16uF should be easy (and an easy-to-find 22uF is an OK substitution anyway). But the 32+16 capcan is a nightmare. If you are making your own layout you can opt for separate axial filter caps (33uF and 16uF) and just make space on your board.
