And you can return our rental bikes at any of our locations. Many types of bikes for rent in Amsterdam. Apart from regular lady's and gent's bikes you can also rent electrical bikes, bikes for ...

Yes, in many cases, batteries can be coupled together to provide more storage. So if you find you're still exporting more energy than you expected, you can add extra batteries as needed. If you think you'll need more storage capacity in future, make sure you buy a system that allows you to add extra solar power batteries.

1. Search for the nearest point on the application map. 2. Follow the directions and find the station. 3. Insert the external battery into an empty slot in the station*.
